Measure, Appointment or SB77  
Topic:

Please stop restricting what a landowner does with their property, in this case, the home in which they want to build. For many, a 2500 square foot home is large and roomy, but for some, it falls short. Imagine a family with more than 4 children, or a multi-generational family? They may very well need additional, roomy bedrooms or perhaps two kitchens, two living rooms, etc. Allow families to build whatever suits them best. Vote against SB77! Thank you
