Committee: House Committee On Housing and Homelessness

Measure, Appointment or Topic: HB3054

We can all agree that providing affordable and stable housing is of utmost importance for Oregonians. However, this approach of making the existing rent control laws even more restrictive does nothing to add more housing inventory which is the ultimate answer to solving this problem. I encourage the legislature to pass bills that encourage development of more housing. Adding housing inventory to the market will help ensure every Oregonian has somewhere to call home.
