

Submitter: Chris Piper

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3197

I oppose HB 3197. Counties must uphold clear, definitive, and objective standards for residential development, both inside and outside of urban growth boundaries.

Builders must be able to depend upon clear and objective standards for housing development in order to meet the state's housing production goals. If not, we fail our Oregon communities let alone the impact on our economy.
