Dear Chair Pham, Vice-Chair Anderson, and Members of the Committee,

I am writing to you today in support of SB 722. Oregon Renters deserve stable rental prices, free from unfair annual rent increases and price-fixing tools.

After renting in Oregon for over 7 years, our family finally managed to buy a home, and we no longer have to worry about rising rent costs. But I don't want other families to have this constant worry either! I know so many parents who are struggling to pay outrageous rent, and always worried about the next rent hike.

This bill would improve our state's rent stabilization statutes and prohibit the use of price-fixing software to inflate rents. This is a no-cost policy tool to help address our unfolding housing affordability crisis.

Too many Oregonians already struggle to find affordable housing before the additional burden of annual rent increases that far outpace average wage increases. SB 722 would help to stabilize rental prices and help Oregonians to maintain affordable housing and ensure that AI algorithms are not used to further burden Oregon renters.

We must continue to address the needs of those most impacted by our housing crisis.

I urge you to pass SB 722 to ensure that Oregonians are protected from unfair rental increases and price-fixing tools.

Sincerely,  
Rae Jesequel
