

Submitter: Jenny Johnson  
On Behalf Of:  
Committee: Senate Committee On Housing and Development  
Measure: SB611

Hello, I'm writing in opposition to SB 611. Rent control is not the answer to our lack of housing. If you treat property owners or landlords poorly, you will find they will opt out of renting their property. Available rental supply will go down. How about a bill that incentivizes people to rent out their properties? You will find that works better.

Oregon should strive to promote housing not pass bills that reduces it.
