Measure, Appointment or Topic: HB2138

Please remove Section 22(1)(f) from HB2138-1: "Repealing requirements for demolition review for houses listed in the National Register of Historic Places as contributing structures to a historic district that are not themselves named as historic structures."

The intent of HB 2138 is to create more middle housing in Oregon, which I generally support. As written, middle or affordable housing is not required as a condition for removing demolition review.
