

Submitter: Donna Bleiler

On Behalf Of:

Committee: Senate Committee On Housing and Development

Measure: SB1537

I OPPOSE SB 1537

I ask, what should government's role be? Shouldn't it make sure there is equal opportunity and not actually be contractors redistributing wealth? This is a runaway train. You've already spent billions, and the Governor praised success. That's great, but give it more time to see the effect. At some point you have to cut the ambilocal cord if you want democracy and liberty to do its work.
