Measure: HB3501

So much potential for abuse and public decay. By that I mean it sounds humane only the dealers and users that have come to our State thanks to measure 110 passing ensures that public spaces will satrt to appear run down and abused like the neglected real estate of abandoned houses and buildings throughout our city. They all become graffiti or drug havens to hide in or around. Stop the insanity and the meager approaches to helping with homelessness. Start reimagining how empty buildings and under used hotels and motels can be transitioned to monitored housing so we can end acceptable forms of sidewalk camping once and for all!!!!!!
