Measure, Appointment or Topic: HB3644

I work downtown Portland and am disgusted at the lack of facilities for the mentally ill and addicted. We need an audit done by an outside firm to see where all our taxes are going. We don't need more committees having more meetings with absolutely NO results. All of our leaders have promoted is toxic compassion that helps no one but the government funded NGOs that grift off the taxpayers. We do not need another layer of administration to get things done! NO on HB3644!
