

Submitter: Carolyn Grav  
On Behalf Of: 3501  
Committee: House Committee On Housing and Homelessness  
Measure: HB3501

When 110 passed, people started killing themselves with fentanyl. That is not helping. That is enabling. Now you want to "help" horseless people by letting them continue to be house less. That is similarly enabling that population. I have been a Habitat for Humanity volunteer and it is very clear that solving homelessness includes housing people and providing services, NOT enabling them to continue to be homeless.
