

Submitter: Pamela Burry  
On Behalf Of: HB3458  
Committee: Senate Committee On Natural Resources  
Measure: HB3458

Dear Senate Committee on Natural Resources,

I am opposed to HB3458.

Oregon's land Use laws are original and distinctive and they are what makes Oregon a leader in our ability to craft policy to protect the lands in our beautiful state. It has been the case that, as concerned citizens, it has been necessary to appeal a potential project via LUBA. This ability is critical in order to watch over the many land use proposals that could inflict harm in any number of cases throughout Oregon. I view LUBA as a watchdog, a second chance to get things right. We must not hamper, control, inflict restrictions or otherwise impede the ability to review projects through LUBA. We must maintain this additional protection from ill-thought-out and dangerous projects.  
Keep Oregon beautiful!

Thanks you for reading.

Please act to oppose HB3458

Yours,  
Pamela Burry
