Committee: House Committee On Housing and Homelessness

Measure, Appointment or Topic: HB3921

I oppose this bill. The single two-lane, shoulderless road that gives access to the area to be annexed cannot support the proposed development for the area. The city does not plan on improving the road in any capacity until significant development has already occurred. Therefore, the proposal will do the opposite of what the "emergency" declares it is trying to solve. That is, it will reduce safety and consequently peace for all residents impacted. Listen to the people instead of placating special interests.
