

Submitter: Richard Scott  
On Behalf Of:  
Committee: Joint Committee On Semiconductors  
Measure: SB4

Leave farmland alone, Do not Develop any industry. Oregon land use laws have a real meaning to our way of life in Oregon. I-5 at Wilsonville is now the largest bottle neck in the south Portland metro area. Developing the area South of the Boone Bridge will only add to our current transportation misery.

Thank you for your consideration  
Richard Scott
