Measure, Appointment or Topic: HB2138

What this State has done to the traffic and livability of Albany and in particular North Albany is shameful at best. By allowing middle housing you have caused excessive congestion and serious safety concerns. There are times during the day when it takes 30-45 minutes to get through the traffic and over the bridge-what would happen if there was a wildfire? I am in support of the -4 amendment. Additionally I am in support of repealing the Governor's middle housing mandate.
