Measure, Appointment or Topic: HB2258

First of all we the taxpayers will have to pay for her operation. This is a expansion of her Welfare State and a land grab to house illegals . She is forcing us to live next to sex offenders and drug addicts in our rural communities. These people need to be locked up not coddled with subozone and clean needles. There are able bodied homeless that need to work and if anything She needs to recriminalize drugs and lock them up and deport them not take money from the citizens to house them.. There are opportunities for rehab in jail. The solution is not to unleash these people on the law abiding citizens. No way am I for this kind of complete irresponsibility. I do not support this bill.
